Calidora Skin Clinic

University Village, 2316 NE University Village St., 206.522.2613; Bellevue, 10708 Main St., Suite 310, 425.688.7800; calidora.com

It's no coincidence that this light, bright and dreamy skin clinic seems poised to become the Starbucks of skin care. Founder Collette Courtion comes to Calidora from the coffee giant, where brand means everything. Each visit begins with the Calidora Skinplan Complexion Analysis—a comprehensive analysis of your skin using sophisticated photo imaging technology that explores pigmentation, pore size, skin tone, moisture, pH levels and UV damage. If a picture is worth a thousand words, then this consultation writes a veritable encyclopedia about your skin.

Restylane

Available at Calidora Skin Clinic, 2316 NE University Village St., 206.522.2613; 10708 Main St., Suite 310, Bellevue, 425.688.7800; calidora.com

Sick of your so-called laugh lines? Restylane is a safe, nonallergenic "filler" that can be used to plump up your lips and facial wrinkles. The first visit takes the longest so all your questions and concerns can be addressed, but

subsequent trips may take only 15 minutes. Restylane lasts for up to nine months, so you can send your nasal labial folds packing for a very long vacation.
